

## Recent/Local Building Closures

### Jayhawk

Prescott – Closed 5 years ago when there was 30 students; Lost 4 students; 2 of those students left because employment allowed the parents to take the kids to a neighboring school

Blue Mound – Closed 2 years ago; No students lost; One year prior to closure, offered students choice to attend Mound City (only 20 students attended the final year in Blue Mound as over half chose to attend Mound City).

### Paola

Paola closed Hillsdale Elementary last school year. 121 students attended Hillsdale and there are 24 less of those students in school this year, which equates to a 20% loss. It is unknown if any of those students had circumstances outside of building closure (employment changes, etc.).
